Circuit Court.

The business in Circuit Court proceeds without interruption, many cases being disposed of.

In the case of S. G. Baker vs. Jeff McKinney to test the correct title to a strip of land, a verdict was rendered in favor of McKinney.

In the case of Wingate Anderson and others vs. Hugh Johnson and others regarding the collection of some school tax, an account of which appeared in the Times two weeks ago, the court sustained the injunction restraining the Sheriff, Hugh Johnson and others, trustees from collecting said tax.

In the case of Commonwealth vs. Grover West, John West and Buford Knox charged with the murder of George Spencer on South Fork a few weeks ago was called in court Tuesday and continued to second day of the November term. Representing John and Grover West Attorney J. H. White entered a motion for evidence by both sides was presented, but the court overruled the motion and the defendant was remanded to jail and the case continued until the November term. There seems to be a bad case against them.

In the case of Commonwealth vs. David Edge & charged with striking Marshal Johnson with deadly weapon with intent to kill, was passed to November term of court. Edge gave bond for \$1,000 for his appearance and was released from jail. The other three men for conspiracy have heretofore been released on \$1,000 bond.

If you need a tooth pulled without pain see Dr. S. P. Hammon at the Red River Hotel for few days only.

NOTICE-DEMOCRATS.

By order of the Democratic Executive Committee of the Tenth Congressional District, the Democrats of Powell county are called to meet in mass convention at the court house in Stanton, Ky., Saturday, July 11 at one o'clock p. m. for the purpose of selecting, and instructing if desired, delegates to represent the county at the district convention to be held at Irvine, Ky. July 15, 1908, there to nominate a candidate for Congress and transact such other business as may properly come before the convention. J. H. O'REAR, Ch'm.

Ex-President Grover Cleveland died yesterday morning age 71 years. There is not now living another ex-President.

S. S. Taulbee, Judge of Breathitt county, has announced for Congress.

Dr. S. P. Hammons, assistant of Dr. O. B. Dixon, of Jackson, is located at the Red River Hotel for few days only where he is prepared to do all kinds of dental work at reasonable price. All work guaranteed.

Council Meeting.

The City Council met in adjourned session Friday night, June 19 and transacted the regular business which comes up each month. All members of the board were present except Councilman Newkirk.

The usual number of bills were presented and allowed.

An ordinance was passed requiring the owner or occupier of the mill race to keep in constant repair bridges at the street crossings over the race at least eighteen feet wide with sufficient railing on each side.

A proposition was submitted by the railroad company to fill the crossing at the bank if the city would furnish the necessary drain tile for underneath. This was rejected by a unanimous vote of the Council and the company ordered to build new bridges at each crossing at once.

Councilmen, H. C. Warmouth, J. H. O'Rear and Luther Loving, City Clerk, were appointed a committee to confer further with the company and try to get the crossings fixed without further litigation and it is believed that this can be done.

Algin Hisle, of Nicholasville, with some other young folks, came to Waltersville on a fishing tour last week. Algin came over to Clay City to get some liquor, got drunk, flourished a pistol and got locked up. He is in for several days now on a fine for the postol.

Lively Primary.

The Republican primary in the 23rd judicial district Saturday was a very lively and strenuous affair for such a moral party. The Circuit Judges race was the most interesting. Judge G. W. Gourley, who moved from Beatyville to Lexington some time ago, and Judge J. P. Adams, the incumbent who moved to Beatyville from Magoffin county to hold office, were the contending candidates. Adams seems to be the most popular and we don't blame the Republicans of the district. If they had to go out of the district to get a candidate, it looks better to get a mountain man for the place than to get a man from the Bluegrass capital.

The Winchester Sun-Sentinel doesn't like our comments on the work of our Congressman. It totes fair though and publishes our article in full which should interest its readers. The article speaks for itself, is self explanatory, and any unprejudiced reader can read it and understand the meaning and they will not be diverted by what the Sun-Sentinel may say.

That Republican paper which says the Kentucky Democratic officials paid \$200,000.00 to get Powers and Howard murdered is a very good one. Most of the Republican party leaders claim they got Geobel murdered as an accomodation. They are not used to paying so much for trivial matters.

When you accuse an individual Republican with what the whole party has been guilty of ever since it became a party—working for the classes against all the common people—he will rise up and say, "malicious slander!" "libelous!" The plain truth always hurts.
